(二) Everyone knows Christmas is on December 25. Some people call it "White Christmas" because snowing during Christmas is very common in many places in winter. But in some places, the weather is very hot in December, and people need hats to resist the strong sunlight. This is because the weather is much different in the Northern and Southern Hemispheres.

Last Christmas, Rebecca went to New Zealand to visit her aunt and uncle. On Christmas Eve, she called her mom to say "Merry Christmas" to her. Her mom told her the weather was very cold in the USA, and it was snowing outside. It was a beautiful, white Christmas in her hometown. But it was hot in New Zealand that she wore only a T-shirt and shorts in December. That was the first time for her to enjoy Christmas in summer. It was very strange but interesting for her.

My family and I moved into our country house one month ago. The kids are planning to give a party at our new house. I hope all of you can come. The party will begin at 11 : 00 a.m. on Saturday. There will be lots of food and drinks.

Together with this letter is a map to our house. After you get off the train, take the road in front of the station. Follow it and you'll see a chicken farm. Don't make any turns. Keep going and you'll see a bridge. Cross the bridge and there will be a big tree on your left. Walk past the tree, take the first right turn, and then walk for five more minutes. You'll see several houses. My house is at the end of the road, next to the river.
